TE AWA RIVER RIDE

The next section of the Awa River ride connects Cambridge, Tamahere and Hamilton. Completed by mid 2020 - it will include paths and bridges over streams, gullies and boardwalks, following the banks of the Waikato River. It provides safer cycling and walking links to community facilities like schools and shops. 3000 people a year use the walkway and the total cost of this 20km section is \$20 million. With completion the Te Awa walk/cycleway which is 60km long will stretch from Ngaruawahia to Lake Karapiro. It is also part of Te Ara Roa- the Long Pathway - a New Zealand-long walkway - which stretches northward past Huntly to Auckland.

Taitua Aboretum

was gifted to the people of Hamilton in 1997 by John and Bunny Mortimer who started planting trees and shrubs in 1973 to provide shelter and shade for animals in the area. This continued their life-long passion for growing native and exotic trees and shrubs.

With great views and wonderful bird life, the arboretum is ideal for a family outing or Sunday stroll. Children may feed the chickens and ducks by hand, they are so friendly. The arboretum has a collection of mature trees covering 20 hectares of open pasture, lakes and woodland gardens which are linked by a network of meandering walking paths. Dogs are welcome at Taitua although they must be kept on a lead at all times. Unfortunately pushbikes are not permitted within the arboretum. Toilets are available beside the car park, along with fluoride free drinking water.

Taitua Arboretum is open seven days from 8am to half an hour before dusk. Admission is free.

Follow SH23 west (towards Raglan) and turn left into Howden Road, then left again into Taitua Road

Waikato Kindergarten Association

"Where Children Learn" has long been the motto for Waikato Kindergarten Association, along with providing busy parents with more choices for top quality early childhood education.

Covering Hamilton, Cambridge, Ngaruawahia, Te Kowhai and Raglan, the Association has 29 Kindergartens, 7 Centres and a team of Homebased Educators – so there is probably one not far from you!

With passionate, qualified staff and offering a safe, caring and stimulating environment, these services have been the choice of Waikato parents for decades.

There is an emphasis on large grassed outdoor spaces, water play, bike tracks and sand pits — all the play equipment that growing kiwis need to be challenged, learn new skills and become more confident.

Inside, each Kindergarten and Centre is well-resourced and learning is based on the Te Whāriki Early Education Curriculum.

With specialised programmes like the Cool 4 School transition to primary school for four-year-olds, the Association also offers Under-5 Energize and has been an active participant in the EnviroSchools programme since its inception, weaving environmental aspects into the curriculum.

Parents are kept up-to-date with their child's learning through online portfolios where stories, photos, videos and achievements are shared.

There are also close connections with local primary schools and the community at large, where tamariki are able to see more of the world around them as they learn.

Call in to one of our Kindergartens or Centres and meet the teaching team, or find out more about a location near you at our website www.kindergarten.org.nz

Room to explore, room to learn, room to grow...

Offering the best choice for parents – we have Kindergartens, Centres and Homebased Educators across Hamilton, Cambridge, Ngaruawahia and Raglan.

- Safe environments with passionate staff
- well-resourced with huge outdoor play areas
- learning based on Te Whāriki Curriculum.

North Waikato

This area was important historically during the Waikato Wars. Along the highway are historic sites for both sides, redoubts and Pa sites, the most famous is the newly established park of Rangiriri Paa, where the final stand of Maori and Pakeha soldiers took place. At Rangiriri the casualties of this engagement are buried in the cemetery. Many of the historical sites are signposted and can be accessed from the main highway.

The Hakarimata Scenic Reserve near Ngaruawahia is a great place to

see kauri and to enjoy a walk or tramp through native bush. The reserve protects 1,850 hectares of native forest. The large kauri on the Kauri Loop Track is rare for this area.

Climb to the summit of Hakarimata (374m) and enjoy good views for the summit tower out towards the coast, across the Waikato Basin and down to Ruapehu.

The Te Araroa Walkway (the Long Pathway - part of a New Zealand long walkway). The Whangamarino Section can be accessed from Oram Road at Meremere, the northern end starts at Mercer and ends at Huntly.

Ngaruawahia

Seat of the Maori King Waikato District

An important cultural area, Ngaruawahia is the location of Turangawaewae Marae - official residence of the Maori King.

The town is also the location for the annual Ngaruawahia Regatta - showcasing traditional Maori waka.

Hauraki Rail Trail

Thames, Paeroa, Waihi, Miranda, Kaiaua, Te Aroha, Matamata

The Hauraki Rail Trail is an ideal weekend experience. It is one of the easiest cycle trails in the country, with the 160km track made up of 5 sections. This allows for a range of scenic day rides to comfortable 3 to 4 day tour rides. As a Grade One cycle trail, the Hauraki Rail Trail is suitable for all fitness levels and cycling skills. It can be accessed from Thames, Paeroa, Waihi, or Te Aroha. The trail shows some of the best scenery in New Zealand through areas rich in pioneering history. A major highlight includes riding through the scenic Karangahake Gorge, on the Waihi stretch. The Hauraki Rail Trail is shown as a dotted line on the map. From mid-2019 the Trail will be open from Kaiaua all the way through to Matamata in the South as new extensions are added.

Seabird Coast

Ngatea is the main service centre on the Hauraki Plains, located on SHW 2, and within an hours drive of Auckland.

Miranda and Kaiaua are on the Pacific Coast Highway. Visit the internationally renowned Shorebird Centre, relax in the warm mineral pools at the Miranda Hot Springs, enjoy a day at the beach or check out the many tramping and biking tracks in the ARA Parks.

Te Aroha I-Site

Te Aroha is a town with many historic associations, and this shows in its charming architectural buildings. One of the highlights is the 29 acre landscaped Edwardian style Domain which houses the Te Aroha Mineral Spas - private, indoor hot tubs filled with naturally hot soda water and the world's only hot soda fountain - the Mokena Geyser. Wander through the historic Cadman House Museum - New Zealand's original sanatorium. The Domain is also home to the Te Aroha Leisure pools complex - public, outdoor, heated pools, including outdoor spa. Picnic in the Domain, and then proceed with one of the many bushwalks, including a track from the park up the mountain or some mountain biking. A 100-year-old track starting near the bottom of Mt Te Aroha leads to Tutumangao Waterfall. Follow the Heritage Trail of fine historic build-

ings and monuments dating back to the early 1880s. The Waiorongomai Valley is a significant gold mining site in the Kaimai-Mamaku Forest Park. Gold was found in the Waiorongomai Valley in 1881. The Piako County Tramway was built in 1882-83 and is New Zealand's oldest known railway with the original rail still in place. There are a number of historic areas to explore in the valley, such as Hardy's Hut, Fern Spur Incline and winding gear, the Bendigo Battery, the Low Level Drive, and the May Queen Incline and winding gear. The Waiorongomai Valley lies at the end of Waiorongomai Loop Road. The Valley is just four kilometres south of Te Aroha, near State Highway 26.

Historic Town Hauraki District

Paeroa is "World Famous in New Zealand" and overseas – for its Big Bottle. At 7 metres high, the Lemon and Paeroa Bottle is a permanent reminder of the therapeutic Paeroa Springs Water discovered before 1900, which, with the addition of lemon, became known as New Zealand's own soft drink.

Originally a thriving river port, the town was first laid out in the 1870s and the Historic Maritime Park and Museum houses artifacts from this era. Paeroa is also known for the many antique, second hand and retro shops where you can spend hours fossicking.

The site of the original gold rush in 1875, Karangahake and Mackaytown have returned to peaceful activities; fishing, gardens, cafes and a winery.

In Karangahake Gorge, walk the 1km long railway tunnel and the Windows Walk and follow the Ohinemuri River through to Waikino. Good swimming and picnicking sites are easily accessed. Walking tracks lead into the Kaimai-Mamaku and Coromandel Forest Parks.

WAIKATO RIVER TRAILS

With 100km of cycling and walking trails along the Mighty Waikato, the Waikato River Trails offers some of New Zealand's most stunning views and spectacular scenery. Walkers and cyclists can choose just one section of the trails or take more time to cover the entire distance, enjoying New Zealand native bush, grassed farmland, exotic forest, open reserves, wetlands, historic landmarks, interesting rock formations. The best time to ride the trail is in spring/summer (September to May). The Waikato has a fine temperate climate so all but the mid-winter months are ideal for riding. Karapiro (Arapuni) to Pokaiwhenua Bridge is an easy to intermediate track 11.5km long.

This is one of the easiest sections on this trail. It is Grade 2 with a few short Grade 3 hills. Park in Arapuni and ride up the trail to Little Waipa Reserve and back. The Huihuitaha Wetland, with boardwalk, is a highlight of this section. The Rhubarb Café in Arapuni is a very popular place to head for after the ride. Arapuni to Waipapa Dam, is an advanced section, 36km in length. This section includes some road riding from Jones Landing to the end of Waotu South Rd. Jim Barnett's Reserve is full of birdlife and there is a 1000-year-old totara that is worth a visit. The Mangarewa suspension bridge 42m above the stream is a thrill.

Located mid-way between Taupo and Hamilton on State Highway 1, Tokoroa is an ideal place to pause for an hour or two, or even better, for a day or two. The Waitomo Caves car park walk is a 5 min walk that starts as part of the Waitomo Walkway. Starts at Waitomo Village, 1.6 km northwest (by road) of Te Kuiti. The self-guided privately run Dundle Hill Walk is 27km, including overnight bunk-house accommodation in the bush.

The Mangaokewa Scenic Reserve is a nice place to relax, go fishing or swimming. There are scenic walks as you travel south to Ruakuri Reserve, Marokopa Falls which can be viewed at a lookout from the main road and Mangapohue Natural Bridge, Piripiri Cave and drive on to the coast to Marokopa Beach for fishing and Kirihere Beach for fossil fossicking.
